

Ludwig der XVI^{te} König von Frankreich gehängt den 21. Januari 1793.

1793

George Washington

1793:

United States Code United States,2008 **American state papers** USA,1832 Phineas Bond Joanne Loewe Neel,2016-11-11 Seven years of war forced a reluctant mother country to recognize the independence of the thirteen American colonies With the signing of the treaty at Paris on the 3rd of September 1783 the rebellion came to a formal end and a new state entered the family of nations But the resulting peace stopped short of men s minds and spirits There was no binding up of wounds nor forgetting of past injuries On the contrary hatred persisted and if anything intensified On both sides of the Atlantic a nurturing of grievances of suspicions and of jealousies continued For over thirty years Britons and Americans viewed one another with a jaundiced eye until a second peace treaty this time at Ghent in 1814 brought to a formal close a second Anglo American war In the midst of this long drawn out conflict moved Phineas Bond Esq He reached the age of reason in Philadelphia before the outbreak of the War for Independence and was politically active in Pennsylvania from the beginning of what he called the Time of Troubles He played a role as an American Tory albeit a brief one in the Revolution itself and with thousands of other Loyalists sought asylum in England During a seemingly endless exile he became one of the most trusted attorneys of those British merchants in the Atlantic trade to whom Americans owed vast sums of money Three years after the Peace of Paris Bond returned to Philadelphia as His Britannic Majesty s consul to the middle states and as a representative of the merchants There he remained serving king and traders until the eve of the War of 1812 Although occupying comparatively minor posts Bond became a microcosm of his time His thoughts and work his dreams and hopes his experiences and convictions point up the era between the two wars for American independence **Library of Congress Subject Headings** Library of Congress,2004 , **After the Siege** Jacqueline Barbara Carr,2005 During the late 1770s Boston s townspeople were struggling to rebuild a community devastated by British occupation the ensuing siege by the Continental Army and the Revolutionary war years After the British attacked Lexington and Concord on April 19 1775 Boston s population plummeted from 15 000 civilians to less than 3 000 property was destroyed and plundered and the economy was on the verge of collapse How the once thriving colonial seaport and its demoralized inhabitants recovered in the wake of such demographic physical and economic ruin is the subject of this compelling and well researched work Drawing on extensive primary sources including ward tax assessors Taking Books church records census records birth and marriage records newspaper accounts and town directories Jacqueline Barbara Carr brings to life Boston s remarkable rebirth as a flourishing cosmopolitan city at the dawn of the nineteenth century She examines this watershed period in the city s social and cultural history from the perspective of the town s ordinary men and women both white and African American re creating the determined community of laborers artisans tradesmen mechanics and seamen who demonstrated an incredible perseverance in reshaping their shattered town and lives Filled with fascinating and dramatic stories of hardship conflict continuity and change the engaging narrative describes how Boston rebounded in less than twenty five

years through the efforts of inhabitants who survived the ordeal of the siege those who fled British occupation and returned after the war and the influx of citizens from many different places seeking new opportunities in the growing city Carr explores the complex forces that drove Boston's transformation taking into consideration such topics as the built environment and the town's neighborhoods the impact of town government on people's lives the day to day trials of restoring and managing the community the effect of the postwar economy on work and daily life and forms of leisure and theater entertainment **The Annual Register, Or, A View of the History, Politics, and Literature for the Year ...**, 1800

The Autobiographical Works of Thomas Jefferson (Vol. 1-4) Thomas Jefferson, 2021-05-07 This book was the first collection of Thomas Jefferson's writings published in 1829 by his favorite grandson Thomas Jefferson Randolph 1792-1875 Thomas Jefferson 1743-1826 was an American statesman diplomat lawyer architect philosopher and Founding Father who served as the third president of the United States from 1801 to 1809 He had previously served as the second vice president of the United States between 1797 and 1801 The principal author of the Declaration of Independence Jefferson was a proponent of democracy republicanism and individual rights motivating American colonists to break from the Kingdom of Great Britain and form a new nation he produced formative documents and decisions at both the state and national levels

A List of the Flag Officers & Other Commissioned Officers of His Majesty's Fleet Great Britain. Admiralty, 1803

Revolutionary Ideas Jonathan Israel, 2015-09-22 Historians of the French Revolution used to take for granted what was also obvious to its contemporary observers that the Revolution was caused by the radical ideas of the Enlightenment Yet in recent decades scholars have argued that the Revolution was brought about by social forces politics economics or culture almost anything but abstract notions like liberty or equality In *Revolutionary Ideas* one of the world's leading historians of the Enlightenment restores the Revolution's intellectual history to its rightful central role Drawing widely on primary sources Jonathan Israel shows how the Revolution was set in motion by radical eighteenth century doctrines how these ideas divided revolutionary leaders into vehemently opposed ideological blocs and how these clashes drove the turning points of the Revolution *Revolutionary Ideas* demonstrates that the Revolution was really three different revolutions vying for supremacy a conflict between constitutional monarchists such as Lafayette who advocated moderate Enlightenment ideas democratic republicans allied to Tom Paine who fought for Radical Enlightenment ideas and authoritarian populists such as Robespierre who violently rejected key Enlightenment ideas and should ultimately be seen as Counter Enlightenment figures The book tells how the fierce rivalry between these groups shaped the course of the Revolution from the Declaration of Rights through liberal monarchism and democratic republicanism to the Terror and the Post Thermidor reaction In this compelling account the French Revolution stands once again as a culmination of the emancipatory and democratic ideals of the Enlightenment That it ended in the Terror represented a betrayal of those ideas not their fulfillment book jacket *The Writings of George Washington* George Washington, 1837 A list of the flag-officers of his majesty's fleet, with the dates of their first

commissions Navy, Dictionary of Dates, and Universal Reference Joseph Haydn, 1853 *The Annual Register, Or a View of the History, Politicks and Literature of the Year ...*, 1800 The Family on Trial in Revolutionary France Suzanne Desan, 2004-06-15 In a groundbreaking book that challenges many assumptions about gender and politics in the French Revolution Suzanne Desan offers an insightful analysis of the ways the Revolution radically redefined the family and its internal dynamics She shows how revolutionary politics and laws brought about a social revolution within households and created space for thousands of French women and men to reimagine their most intimate relationships Families negotiated new social practices including divorce the reduction of paternal authority egalitarian inheritance for sons and daughters alike and the granting of civil rights to illegitimate children Contrary to arguments that claim the Revolution bound women within a domestic sphere *The Family on Trial* maintains that the new civil laws and gender politics offered many women unexpected opportunities to gain power property or independence The family became a political arena a practical terrain for creating the Republic in day to day life From 1789 citizens across France sons and daughters unhappily married spouses and illegitimate children pamphleteers and moralists deputies and judges all disputed how the family should be reformed to remake the new France They debated how revolutionary ideals and institutions should transform the emotional bonds gender dynamics legal customs and economic arrangements that structured the family They asked how to bring the principles of liberty equality and regeneration into the home And as French citizens confronted each other in the home in court and in print they gradually negotiated new domestic practices that balanced Old Regime customs with revolutionary innovations in law and culture In a narrative that combines national level analysis with a case study of family contestation in Normandy Desan explores these struggles to bring politics into households and to envision and put into practice a new set of familial relationships
