Antonio Machado:

Border of a Dream Antonio Machado, 2013-07-01 Antonio Machado 1875-1939 is Spain's master poet, the explorer of dream and landscape and of consciousness below language. Widely regarded as the greatest twentieth-century poet who wrote in Spanish, Machado like his contemporary Rilke is intensely introspective and meditative. In this collection, the unparalleled translator Willis Barnstone returns to the poet with whom he first started his distinguished career, offering a new bilingual edition which provides a sweeping assessment of Machado's work. In addition, *Border of a Dream* includes a reminiscence by Nobel Laureate Juan Ramón Jiménez and a foreword by John Dos Passos from *Proverbs and Songs*. Absolute faith. We neither are nor will be. Our whole life is borrowed. We brought nothing. With nothing we leave. You say nothing is created. Don't worry. With clay of the earth, make a cup so your brother can drink. Born near Seville, Spain, Antonio Machado turned to a career in writing and translating in order to help support his family after the death of his father in 1893. His growing reputation as a poet led to teaching posts in various cities in Spain, and eventually he returned to finish his degree from the University of Madrid in 1918. He remained in Madrid after the outbreak of civil war, committed to the Republican cause, but the violence finally forced him to flee. He died in exile in France. Willis Barnstone is one of America's foremost translators, bringing into English an extraordinary range of work from Mao Tse-tung to the New Testament. **Times Alone** Antonio Machado, 1983-07 A new book of poetry translation that enhances the ordinary. **The Poetry of Antonio Machado** Xon De Ros, 2015-06-25 This study offers a reappraisal of the contribution of the poet Antonio Machado to Modernism, seeking to open up new perspectives for the interpretation of his poetry and includes for the first time a comparative analysis of Machado's translators into English. While the book is attentive to areas of recent critical debate, the argument keeps Machado's poems to the fore, with new detailed readings of many of his most significant poems. The reader will find that the structure of this book also allows for a separate exploration of each of Machado's main poetic tendencies. One associated with the Symbolist poetics is considered in Chapter I, dealing with those early poems where the sound of water acquires a rich symbolic meaning. An emphasis on the visual imagination is more prevalent in the material studied in chapters II and III, with a focus on the natural landscape, while the more conceptual and intellectual strand occupies Chapter IV. Every individual chapter begins with a brief introduction to the theoretical ground related to the specific discussion on gender, space, place, the sublime, and translation, respectively, and a survey of the cultural discourses which situate the material under analysis in the original historical contexts. **Antonio Machado: Lands of Castile and Other Poems** Salvador Ortiz-Carboneres, Paul Burns, 2002-01-01 Antonio Machado was born in Seville in 1885 and died in southern France early in 1939, escaping from the Nationalist advance in the Spanish Civil War. *The Dream Below the Sun* Antonio Machado, 1981. **Antonio Machado** Jeremy Goring, 2020-09-01 This is the first biography in English of Antonio Machado, regarded by Spaniards as their finest 20th-century poet. It contains translations of his poetry and prose which are set within

the dramatic story of his life It tells of his tragic marriage his clandestine affair with a married woman and his close ties with his brother and fellow poet Manuel which ended when they took opposite sides in the Civil War Antonio fought with his pen against Franco and was eventually driven into exile The book concludes with a psychological analysis of the man and his work
